Dear Sir,

Sub: Commissioning of 2.5 MW wind power project in Rajasthan

We are pleased to inform that the Company has successfully commissioned a 2.5 MW wind power plant comprising of 2x 1.25 MW Suzlon Make Wind Turbines in Jodhpur District, Rajasthan on 7<sup>th</sup> May, 2012. The power generated from this Wind Turbine will be sold to Jodhpur Vidyut Vitran Nigam Ltd. The Company will also be eligible for REC's (Renewable Energy Certificates) against the power generated which can be traded on power exchanges.

With this the total installed capacity of the Company's Wind Power Plants has increased to 7.35 MW. On reaching the optimum generation levels, the power generated from the Company's 7.35 MW Wind power plants will be equivalent to around 25% of the Company's power consumption making the Company's Green building products much more greener.

You are requested to kindly take the same on record.

Thanking you,

Yours faithfully  
for Hyderabad Industries Limited

P. Rajesh Kumar Jain  
Company Secretary
